StoreSync

If you are a QuickBooks user, you can synchronize data between QuickBooks Online and your ProStores store using StoreSync. StoreSync works with the following editions of QuickBooks: QuickBooks Pro and Premier Editions 2002-2003, QuickBooks Enterprise Solutions, and Canadian editions of QuickBooks 2003

With StoreSync, you can:

- ◆ Copy customer information from QuickBooks to ProStores, or vice-versa.
- ◆ Copy product items from QuickBooks to ProStores.
- ◆ Copy ProStores invoices to QuickBooks sales receipts.

For more information, see the following topic(s) in the Store Administration User Guide or Online Help:
